

In the midst of great need a small investment brings hope to children...

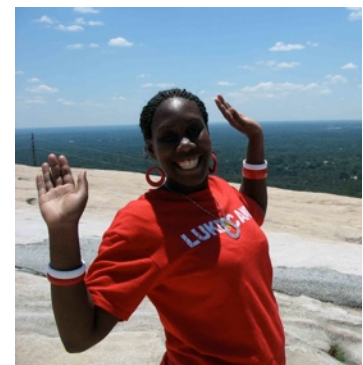

Atlanta tops the nation with almost 40% of the children in our city living in poverty and the lowest high school completion rate in the nation. What a wonderful time to invest in the future of our great city by investing in it's future, our children. Teriona, pictured below, is just one success story as she prepares for her first year of college. Partners keep the cycle of success moving forward for 300+ students involved with The Luke Project.

**Our Mission:** Connect relationally with urban kids and lead them into a growing relationship with Jesus Christ through Summer Camp, Sports and Continuing Education.

**Here is how you can help.**

Locate 3-4 friends, share your heart for the children served by The Luke Project and as a group commit to support the following strategic financial partnership for one year by sending a monthly or quarterly financial gift. We have found that intentional, prayerful giving, that is strategic, yields the greatest return. Changed Lives!

**LukeCoach**

Life provides many opportunities to trust God, face challenges and discover the joy of living in God's will. However, young people as well as adults, often need a coach to help them make the wise choice. LukeCoach links urban youth with an adult mentor to help them turn obstacles into stepping stones of success.

**Need 38 children sponsored at \$80 each per month.**

## Vision
