Re: Concession Sales Agreement for _____ (sport & year)

Dear Team,

Selecting “vendors / schools” for concession sales will enable us to provide the students and parents with quality concession sales on a consistent basis.

I have outlined the requirements below:

_____ (school) agrees to perform the following:

- Provide candy, drinks, chips, etc. and a limited supply of hot food such as hotdogs, cheese dip, etc...
- Set up and ready for sales no later than 4:30 p.m. on Fridays and or Saturdays and be prepared to sell concessions for all Friday evening flag football games, playoffs and championship games. Schools must sell concessions at all games even if their team is not playing.
- Stop concession sales at the conclusion of the final game.
- Clean the concession area and stands leaving it better than you found it.
- Keep 75% of the net proceeds from regular season games, all playoff games and 100% of the proceeds from the championship game.
- Mail a check to The Luke Project, Inc. for 25% of concessions sales (net proceeds, not gross sales) which will be **distributed as a credit to all participating schools** under contract and who participate in LUKESPORTS. This credit will be noted on each school’s invoice. Note: The check will need to come from a school bank account and we request **only one check** be sent at the end of the season.
- Vendors are responsible for all permits and taxes.

Vendors that do not report to sell concessions will lose the right to sell concessions.

The Luke Project, Inc. reserves the right to cancel this agreement if _____ (school) personnel do not adhere to the guidelines within this agreement. LUKESPORTS reserves the right to issue one warning verbally, via e-mail or by phone to resolve any issues before terminating this agreement.

Vendor Name: _____ / date _____ / Sign _____

Jeff Gorman
LUKESPORTS _____ *Jeff Gorman* _____ date / _____

PS – Be advised, as a courtesy, for our referees and volunteers, LukeSports provides drinks and light snacks to honor their hard work, save time and avoid running on and off of the field for refreshments.
If I can be of assistance, please call me at 678-754-7700.
