

Connect relationally with urban kids and lead them into a growing relationship with Jesus Christ and into becoming productive citizens.

We accomplish our mission through five strategic programs designed to enable urban kids to discover God's plan for their life, have fun and develop their character as they learn to serve, give and take personal responsibility for their life.

One of these programs is: **LUKESPORTS**

I have been richly blessed over the years to meet hundreds of outstanding young people as we have served in various communities throughout Atlanta. One such student is Benjamin who participated with LukeSports for twelve seasons. It energizes me as well as our volunteers when we see a student athlete like Benjamin take the next best step toward excellence. He currently attends McCallie, an Independent school in Chattanooga, where he excels as a ninth-grade student athlete. Benjamin, pictured in a photo taken nearly four years ago, volunteered at the Kipp South Fulton Academy (KSFA) helping younger athletes on the (KSFA) soccer team. Four years later, the photo still serves as a great reminder to the children that the decisions we make today impact our future. We rejoice in what God is doing in this young man's life and feel honored that we were able to complete a small piece of the puzzle in the path of success for his life. Please keep Benjamin in your prayers as he is away from home, studying and preparing to take the next best step toward excellence in his life.
