

Over the last three years, Jaalah and Brianna, pictured above, have served over 120+ students through their wonderful volunteer efforts. They provide an excellent example that it is more of a blessing to give rather than receive. Can you tell I am just a little proud of these awesome young ladies. We currently need 20+ adult volunteers to join our teenage staff and our teenage volunteers as we continue to serve children in Atlanta.

LukeSports 2010

We currently have eight schools participating in LukeSports and the privilege of serving 450+ student athletes.

Seven years ago I never would have dreamed the idea of a sports program for Charter Schools would grow beyond serving simply KIPP schools. But God! If you have not been able to attend one of the games on Friday evening please plan a trip to the city. You will be amazed at the quality of character and the intensity of the competition. Recently, Hapeville Charter Middle School and Charles R. Drew Charter School battled to a tie after three overtime periods. What encourages me is when I see students from our small group Bible studies at LukeCamp and students from our leadership classes on the field playing football, cheer-leading, participating in basketball or soccer. What a beautiful circle of life, ministry and fun.
