

June 2017

The kids attending **LukeCamp** this summer have been having a blast, but also learning to serve others at God's Farm.

A typical day at God's Farm starts off with morning chores for about 20 minutes. Then **LukeCamp** gets together for a morning devotional for 10-15 minutes. After that, it's some free time to relax and have fun. Then it's back to serving by leading other groups attending God's Farm assisting with Archery, fishing, the ropes course, and doing many other fun team building activities.

Over the past 4 weeks, **LukeCamp** has:

- Built a service road to the camp kitchen
- Created Bible Study areas
- Cleared walking trails
- Cleaned out cabins used for overnight camp

From Left to Right: Paris, Maleah, and Alpha enjoying a day at Six Flags Over Georgia

Next week, **LukeCamp** will be helping build Elements 1-6 on the Ropes Course for Elementary aged kids. Existing Elements 7-12 are for older kids and adults.

Opportunities still available to sponsor a weekly reward field trip for \$250. Go to the site below to donate:

LukeCamp Serving Others at God's Farm

Left To Right: LaMarshall, King, Caesar, and Terrance

LaMarshall – A 14 year old junior counselor in training, has not missed a day of camp. When one of the regular LukeCamp Staff, a 16 year old, could not work because of academic issues, it opened the door for LaMarshall to step in and take over as Counselor. He has done an amazing job! He desires to become a Child Phycologist.

Jala wiping down tables and setting up for volunteers and campers to have lunch. We are having a blast serving others at God's Farm.

Michael conquering the Ropes Course at God's Farm

Isaiah's first time on skates

Isaiah showed great leadership and courage when he stood up and prayed at God's Farm after no one from a group of 63 campers would volunteer to pray. Way to go Isaiah!

Thank You Donors and Golfers for your support and prayers!

Jeff and Norita Gorman
